Re: FY20 Notice of Funding Availability Question and Answer Recap #5

-
- 1. I want to confirm that if we are proposing multiple programs/strategies to address one particular Result, we need to complete only one Result Page, correct? On that page, we'll list all strategies/programs that will address to the Result.**

You are correct – one Results page per Result, regardless of the number of programs/strategies proposed to address that Result. This was addressed in Recap #2, question #15.

- 2. On the NOFA Application Summary Page, how do we differentiate requested funding from the Children's Cabinet and requested funding from GOCCP? For example, we are requesting \$100,000 in funding for the XXX program as we did last year. The new trauma informed care/ACEs priority gives us the opportunity to serve a larger number of families (including the families impacted by incarceration) and expand into an under-served part of the County. So we would like to request an additional \$40,000 from GOCCP to facilitate that expansion. How do we indicate that request on the NOFA Application Summary Page?**

See Recap #3, question #3 that addresses this issue. Since you will complete a separate program/strategy page, you should also note this as a separate request on the Application Summary Page with "(GOCCP)" noted as the source in the Requested Funds column.

- 3. If we are reducing funding in FY20 for a program that has been funded for many years by the Board, is there a restriction on using Children's Cabinet funds and also allowing the vendor to implement a sliding fee scale for participants?**

There is no restriction on charging fees for a program/strategy that's funded with Children's Cabinet funds.

- 4. If a Youth Services Bureau program is included in the application, is the better off measure of "#/% of formal counseling participants who improved their CAFAS scores by 20 points or greater" required?**

This performance measure is required if the Youth Services Bureau is providing formal counseling to the population served with Children's Cabinet funding.
